- 3.13.6** The Company's bills are payable upon receipt, unless the Company indicates on the invoice or a billing insert that the sum shown as due need not be paid, because of the smallness of the amount, until the balance reaches some specified amount; or the Company may deal with Customers whose accounts show very small balances by withholding the issuance of an invoice until the amount due from the Customer reaches a level, which, in the Company's sole discretion, is deemed large enough to justify initiating the billing and collection process; or the Company may invoice low usage Customers every other month unless a Customer invoiced in such a manner requests monthly billing. **3.14 Special Access Surcharge**

**3.14.1** A monthly special access surcharge, required by the Local Exchange Carrier (LEC), applies to each local channel termination associated with Channel Service and Foreign Exchange Service Capability. This monthly surcharge is applicable when the local channel is connected to a PBX or equivalent device which is capable of interconnecting the Channel Service or Foreign Exchange Service Capability with local exchange service. When analog or digital high capacity facilities interconnect with the local exchange network, the special access surcharge is applied on a per voice grade equivalent circuit basis as shown in the following example:

Calculation – (#Circuits) X (\$25) =		\$ Per Circuit
<b>Basic Digital Facility</b>	<b>Voice Grade Equivalent</b>	<b>Monthly Surcharge</b>
Group	12 X \$25 =	\$300.00
DS1	24 X \$25 =	\$600.00

**3.14.2** The special access surcharge applies on each local channel termination installed whether the interconnection capability exists in the Customer's premise equipment or in a Centrex CO type switch.

**3.14.3** The Customer may be exempt from the monthly special access surcharge if:

- (a) The Customer certifies in writing that the local channel termination is a device not capable of interconnecting the service with the local exchange network; or

- (c) At such time as the local channel becomes associated with a switched access service that is subject to carrier common line charges.

**3.14.5** If a written certification is not received at the time an order for new service is placed, the special access surcharge will be applied. The Company will cease billing the special access surcharge and the exempt status will become effective on the date the certification is received by the Company on services in place. **SECTION 3 – RULES AND REGULATIONS, (CONT'D.)**

**3.27 Schools and Libraries Discount Program**

**3.27.1 General**

The School and Library Discount Program permits eligible schools (public and private, grades Kindergarten through 12) and libraries to purchase the Company services offered in this Product Document at a discounted rate, in accordance with the Rules adopted by the Federal Communications Commission (FCC) in its Universal Service Order 97-157, issued May 8, 1997. The Rules are codified at 37 Code of Federal Regulation (C.F.R.) 54.500 et. seq.

As indicated in the Rules, the discounts will be between 20 and 90 percent of the pre-discount price, which is the price of services to schools and libraries prior to application of a discount. The level of discount will be based on the eligible school or library level of economic disadvantage and by its location in either an urban or rural area. A school's level of economic disadvantage will be determined by the percentage of its students eligible for participation in the national school lunch program, and a library's level of economic disadvantage will be calculated on the basis of school lunch eligibility in the public school district in which the library is located. A non-public school may use either eligibility for the national school lunch program or other federally approved alternative measures to determine its level of economic disadvantage. To be eligible for the discount, schools and libraries will be required to comply with the terms and conditions set forth in the Rules. Discounts are available only to the extent that they are funded by the federal Universal Service Fund (USF). Schools and libraries may aggregate demand with other eligible entities to create a consortium.
